

## TSCA Statement of Compliance

According to the Toxic Substances Control Act (TSCA).

Final Rules published on January 6, 2021, effective date March 8, 2021.

The following five persistent, bioaccumulative and toxic (PBT) chemicals are regulated under section 6(h) of the TSCA:

- Decabromodiphenyl ether (DecaBDE)
- Phenol, isopropylated phosphate (3:1) (PIP (3:1))
- 2,4,6-tris(tert-butyl)phenol (2,4,6-TTBP)
- Hexachlorobutadiene (HCBD)
- Pentachlorothiophenol (PCTP)

Based on current verified information from our suppliers, Allectra products **do not contain** any substances on the TSCA list. The TSCA listed substances are not used in any of our manufacturing processes.
